◆ Company Overview

Artemis Trading Company is one of the reputable brands in the field of production and export of spaghetti, pasta, lasagna and noodles offering the best products to customers by using the latest technology and high-quality materials. It is incumbent upon us to produce high-quality products. Therefore, all raw materials are tested and examined during the production process in a high-tech control laboratory based on international health standards. This company is recognized as a leading producer of pasta, spaghetti, noodles, and lasagna due to its successful activity, customer satisfaction and offering high-quality products in the Middle East.

Business description

Today, climate conditions have been eliminated from the production of pasta. Therefore, the production process, which was specific to durum wheat cultivation areas, has expanded to different geographical areas. World pasta production has doubled since 1998 from 6 million tons to 13 million tons, and the number of countries has increased from 27 to 45, which means 66% increasing in pasta production. Italy, US, Brazil and Russia are the main producers of pasta products. Italy ranks first with the production of 3 million tons of pasta and spaghetti per year. Artemis company exports products with the highest quality to countries such as Oman, UAE, Pakistan and other countries due to its high capacity production in the Middle East.

◆ Vision and values

Artemis Trading Company strives hard to develop pasta industry and be recognized as a well known brand by relying on capability of the production process as well as using skillful human resources and hightech technology.
